## PRODUCT DESCRIPTION

**Designer:** Verner Panton

### Flowerpot VP3 by &Tradition

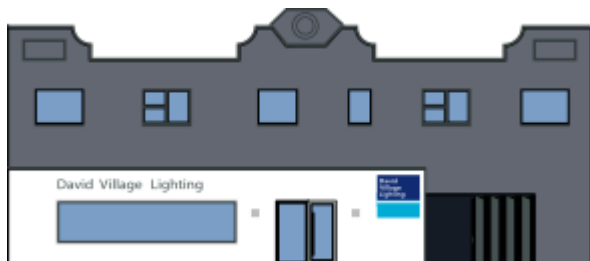

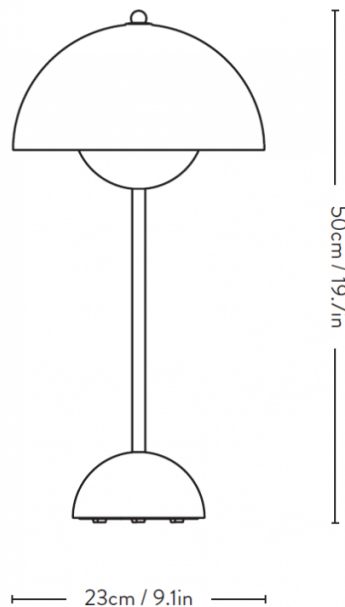

Designed by the legendary Verner Panton, the Flowerpot VP3 was the first of two [table lamp](#) variants to be introduced to the Flowerpot range in 1969.

Where the original Flowerpot [pendants](#) consist simply of two metal hemispheres, one twice the size of the other, which serve as diffusers for a concealed light source, the Flowerpot VP3 adds a third, the same size as the smaller hemisphere but inverted to be used as a base. This allows it to stand freely on a desk or coffee table, to be used as a task light or simply to create an intimate atmosphere in a reading nook or bedroom.

The Flowerpot collection also includes three pendants – the [VP1](#), [VP2](#), and [VP7](#) – and another, more distinct table lamp, the [VP4](#).

## PRODUCT SPECIFICATION

- Light Source:** 1 x Max 40W E27 (excluded)
- IP Code:** 20
- Dimming:** In line on/off switch included on cable.
- Dimensions:** Shade: Ø23cm  
Height: 50cm  
Cable Length: 2m
