PRODUCT DESCRIPTION

Designer: Verner Panton

&Tradition Flowerpot VP4 Table Lamp

One of two [table lamp](#) variants on Verner Panton's iconic Flowerpot pendant, the Flowerpot VP4 diverges quite significantly from the template, both in shape and in colour.

Unlike its cousin the VP3, which invents a base out of elements already present in the pendant range, the VP4 goes in a new direction entirely. Its thin, circular metal stand leads it to resemble less a flowerpot and more a flower itself, sitting in a vase on your desk or bedside table. The Flowerpot VP4 is a simpler and more strictly contemporary alternative to the rest of the bold, colourful Flowerpot range, available in 4 neutral or metallic finishes, but it produces the same soft, warm light that makes its more flamboyant counterparts such a perfect solution for so wide a variety of environments.

See also the Flowerpot pendants – the [VP1](#), [VP2](#), and [VP7](#) – as well as Panton's other Flowerpot table lamp, the [VP3](#).
