### E27 Pendant Light by Muuto

**We currently have limited stock of these items in our [Clearance section](#).**

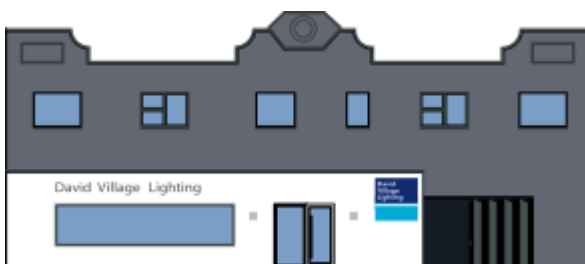

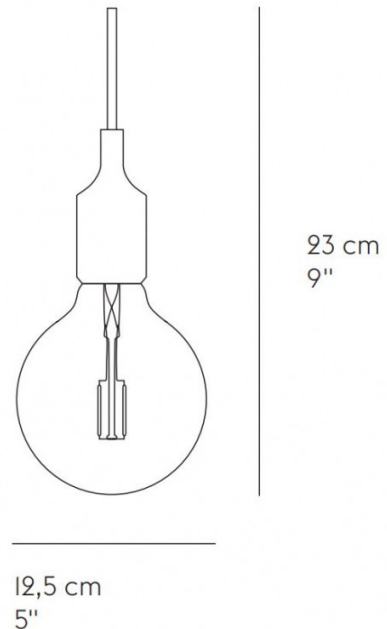

Romantic and contemporary, that is what Mattias Stahlbom envisioned for his pendant design. The E27 stands naked and the simplicity of this design is unprecedented. The pendant is a celebration of the beauty that can be found in simplicity. The pendant is made from a glass bulb and a coloured rubber structure, being a stark contrast of materials to create a modernistic expression.

This product is supplied with a white ceiling canopy.

The cable length is 400cm, but can be extended if needed. Please [contact us](#) for more details and a quotation for this option.
