PRODUCT DESCRIPTION

Designer: Christian Lava

Terzani Stream Floor Lamp

The Terzani Stream Floor Lamp is a unique and eye-catching light designed by Christian Lava. It consists of a nickel metal frame that sits atop a slender stem and houses numerous metal chains that make up the diffuser. This diffuser creates an atmospheric illumination and projects unique lighting patterns when the chains sway. These cascading tiers project a streaking, yet tranquil, shadow throughout the room. The lighting output can be personalised via an in-line dimmer on the cable of the lamp.

The materials and elegant silver finish of the Stream Floor Lamp result in a glamorous lighting solution that not only provides you with an abundance of calming lighting but also makes a statement - expertly drawing your eye as soon as you enter the room. The floor lamp is a beautiful addition to living rooms in residential properties as well as in hotel rooms, restaurants, bars and even art galleries.
