Terzani Etoile Suspension

Terzani Etoile Suspension was designed by Christian Lava. This excentric design is a testament to the careful attention to detail and commitment to quality that went into its creation. Etoile's intricate network of intersecting lines recalls constellations in a clear night sky. The strategically placed lights cast a starry glow, twinkling as viewers move around the light and projecting complex patterns throughout the room.

Etoile Suspension is a striking structure which can be featured in both residential and commercial establishments, thanks to its refined design adding a touch of elegance to any interior, especially bars, hotels and restaurants.
