Clusterlamp by Moooi

A quirky design by Joel Degermark, the Clusterlamp is an evocative suspension that lets you experiment and express yourself. Clusterlamp takes 5 lamps, with two different kinds of lamp holders (E27 and E14). You can purchase your own, colourful or not, lamp designs and arrange them in a unique way.

There are endless options and you can create a suspension with an individual look. Explore the other images under the main photo, and you can envision the possibilities the Clusterlamp can create. Suitable for any interior, residential or commercial, the Clusterlamp is guaranteed to bring a touch of Pop Art into any room.
