PRODUCT DESCRIPTION

Secto Victo 4250 Pendant Light

The Secto Victo 4250 pendant light is a wooden suspension created from slats of Finish birch, handmade in Finland by specialists. Despite its size and eye catching design, the Victo 4250 pendant light does not overpower spaces due to its slatted diffuser which makes the pendant feel light and airy. The Victo 4250 casts a warm glow and is perfect for cosy living areas.

Also available in a smaller size, [the Victo Small 4251](#), the Victo 4250 is available laminated in black or white, in natural birch or with a walnut veneer. The 4200 collection also includes wall lights, floor lights and table lamps - browse the rest of Secto's designs [here](#).
