Secto 4231 Small Wall Light

The Secto Small 4231 Wall Light is a compact and versatile luminaire, ideal for creating a cosy and inviting atmosphere. Handmade in Finland from sustainably sourced birch, this wall light embodies Secto Design's commitment to craftsmanship and sustainability. Its slatted shade diffuses light softly, adding warmth and charm to hallways, bedrooms, and living spaces.

Available in natural birch, black, white, and walnut veneer finishes, the 4231 Wall Light offers design flexibility with its ability to be mounted either upwards or downwards. For added convenience, it can be installed with a 240cm exposed cable with an integrated switch or hardwired directly to the wall. The 4231's minimalist aesthetic and high-quality construction make it a timeless addition to any interior.

Pair the 4231 with other lights from the [Secto](#) collection, including pendant, floor, and table lamps, to create a cohesive and sophisticated lighting scheme.
