PRODUCT DESCRIPTION

Secto 4230 Wall Light

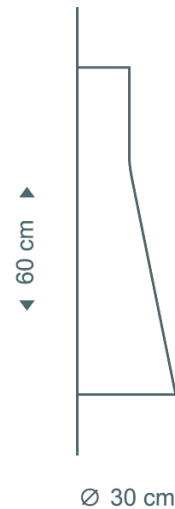

The Secto 4230 wall light is a luminaire handmade in Finland from formpressed Finnish birch. The elegant slatted design fills spaces with a gentle and warm light, making the Secto 4230 wall light perfect for lighting hallways, living areas and bedrooms alike. The funnel shaped diffuser is available in its natural birch state, or laminated in black or white or with a walnut veneer. As with most of the Secto models, the 4230 is available in smaller size; the [Secto 4231](#).

Typical of Scandinavian design aesthetic, the Secto 4230 wall light has two mounting options. The 4230 can be directly hard wired or mounted to the wall with an exposed cable with switch and plug, allowing the light in spaces not to be restricted by existing electrical points. The 4200 collection also includes wall lights, pendant lights and table lamps - browse the rest of Secto's designs [here](#).
