PRODUCT DESCRIPTION

Designer: Achille Castiglioni & Pier Giacomo Castiglioni

Luminator Floor Lamp by Flos

Although the Luminator floor lamp was originally designed by Pier Giacomo Castiglioni and Achille Castiglioni over 5 decades ago, it remains strikingly modern with its slender cylinder stem and triangular stand. This design classic is manufactured from durable steel and includes a dimmer on the cable for ease of use.

Providing diffused light emission, the Luminator floor lamp by Flos is ideal as an ambient lighting solution for bedrooms, studies and living and dining rooms.
