PRODUCT DESCRIPTION

Designer: Michael Anastassiades

IC T2 Table Lamp by Flos

The IC T2 table light is part of the [Flos IC collection](#) and is the smallest of three table lamps in the range. Designed by Michael Anastassiades, the IC T2 table lamp consists of a blown opal glass glossy diffuser, which provides soft diffused light. The opal glass sphere sits upon a metal rod structure, being a classic and chic design which will suit many settings.

The T2 table lamp is available in 4 colour finishes, brass, black or chrome, and has a dimmer switch on the cable so you can control the light setting. The table light can be used on tables, desks, shelves and more to provide both a reading light and an ambient light. Suitable for homes and professional spaces, it creates a sophisticated look that is timeless and stylish.

A compatible [Flos 18W LED E27 T38 Dimmable Bulb](#) can be purchased separately.
