Oluce Atollo Table Lamp

Oluce Atollo table lamp was a ground-breaking design which won the prestigious Compasso d'Oro award in 1979, thanks to the designer, Vico Magistretti. Atollo Table Lamp brought a new silhouette and form to the bedside lamp, featuring organic lines and rounded shapes for a beautiful and mesmerising light. This hemispherical lampshade conceals the light bulb, producing a downward-directed glow which reflects off the base for effective and atmospheric illumination.

Atollo table light is available in small, medium or large sizes to find the right look for your space. Atollo colourways are white, black, bronze, gold and satin nickel. Each colour creates a unique aesthetic which compliments both maximalist and minimalist-styled rooms. Use in homes, offices, hospitality venues or projects for a stylish and iconic touch to your interior.
