PRODUCT DESCRIPTION

Soft Spun Table Lamp by Flos

Inspired by Sebastian Wong's [Spun lamp](#), the Soft Spun collection from Flos includes both a table and floor lamp. The Soft Spun table lamp reflects the minimal and chic design of the original Spun lamp, yet reinvents it by only revealing half its profile and provides a soft, diffused light emission thanks to its opal thermoplastic diffuser.

The Soft Spun table light requires plasterboard installation and as it is made out of plaster, the Soft Spun lights allows the user to paint the table lamp any colour, if desired. Kept in its white state, the table lamp becomes a permanent fixture on a table, yet takes up minimal space.

The [Soft Spun range](#) also includes a floor lamp and an LED version of the Soft Spun in both table and floor versions.

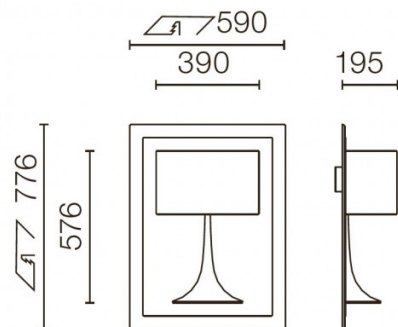

PRODUCT SPECIFICATION

Light Source: 1 x R7s 120W max (excluded)
