Laguna by Artemide

An elegant table lamp, with an elevated aluminium base in satinised bronze or brass. On top of the base, a blown glass shade perfectly balances creating a stunning effect. The spherical diffuser, in a smoked glass colour creates a soft light on the table surface and the surrounding space.

The lamp was designed by Matteo Thun and Antonio Rodriguez. The team creates timeless, yet simplistic designs always centred on the human scale. Laguna is available in three sizes, from the Laguna 16, to Laguna 26 and the largest in the range, Laguna 37. A lamp perfect for hospitality as well as residential rooms.
