PRODUCT DESCRIPTION

Designer: a.g Licht

Chocolate Floor Lamp by Artemide Architectural

A lamp that will set new standards for the working environment, whether your open office space or your desk at home. The Chocolate lamp is equipped with a series of unique features that make it both ergonomic and efficient. A lamp that brings lighting comfort into any space.

The Chocolate lamp is available in two versions, with either a single or double beam. You can select between two finish options, a modern white colour or a more warm moka/brown finish. Due to its design and technological innovation, the Chocolate task light will provide a maximum efficiency onto the desired surface. The lamp is dimmable with either an integrated dimmer or with an interactive Dali system, where people's presence is detected and depending on the light level within the room. The Dali dimming can also be controlled with a remote accessory, sold **separately**.
