PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

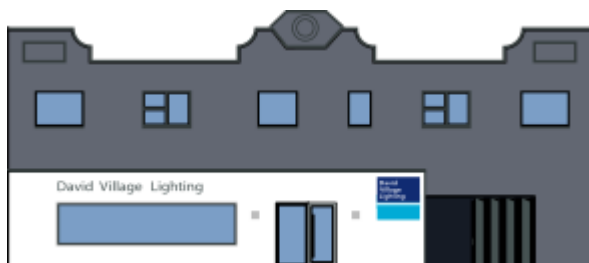

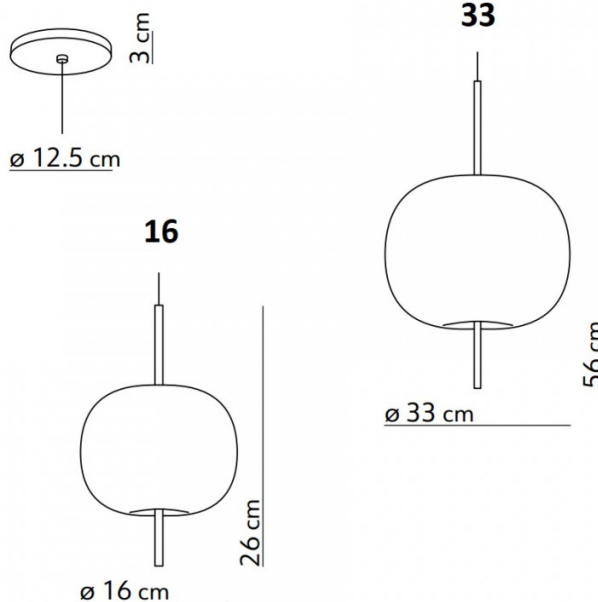

KDLN Kushi Suspension Light

The KDLN Kushi suspension was designed by Alberto Saggia & Valerio Sommella after being inspired by Japanese cuisine. Kushi, meaning skewer in Japanese, features a double-layered opal glass shade that appears to be skewered by a metal rod. This abstract shape emulates the simplicity of Japanese design as only two elements create this stunning fixture.

Available in two sizes, 16 and 33, the Kushi suspension can be hung above a table or hallway as an individual item or as a cluster. The KDLN suspension can be purchased with either a black, brass or copper rod. These metallic finishes add a luxurious touch to your interior.
