PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Soho Fixed Stem LED Suspension

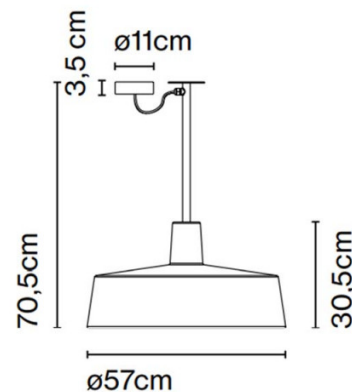

Joan Gaspar's Soho collection quickly became a best seller for Marset and an iconic piece for the Spanish brand. This popularity has led to the range being extended to stylish outdoor versions! Inspired by traditional lamps used in markets, taverns and cafeterias, the modern industrial style is ideal for illuminating exterior facades, patio areas and outdoor social spaces.

The fixed stem is a useful design feature, making the body of the light stable and durable. This is ideal for areas which can be windy and could move the light around considerably.

A methacrylate shade provides an evenly distributed light quality. The translucent white version emits an ambient glow, whereas the further four colour finishes are opaque and give a solid, textured effect providing downlight only.
