PRODUCT DESCRIPTION

Designer: Ronan & Erwan Bouroullec

Flos Aim LED Fixed Pendant Light

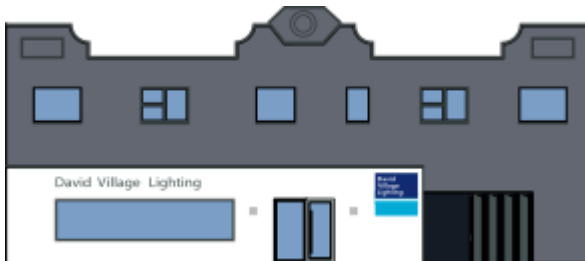

The Aim LED fixed pendant light by design duo Ronan and Erwan Bouroullec is a practical and stylish lighting solution available in a variety of forms. In this version of the Aim the pendant lamp has been reduced to its very essence – a simple suspension wire and light source.

Maintaining its original geometric and attractive form, the Aim LED Fixed pendant light provides diffused, even and practical light and works well used in multiples over a breakfast bar or dining table, or commercially as a functional lighting solution.

The [Aim collection](#) of lights also includes a hardwired version and cable & plug version both with 9m of cable allowing the pendants to be hung up to 3m from the ceiling.
