Anglepoise Type 75 Desk Lamp

Designed in 2004, the Type 75 desk lamp comes from the Anglepoise Type 75 collection, a range designed by Sir Kenneth Grange. World-renowned in his field, Grange has been the Design Director at Anglepoise since 2003 and to this day continues to make waves and trends in the world of design.

Inspired by an Anglepoise design from the 1970s, Sir Kenneth Grange has produced a lamp with modernistic lines, whilst utilising the signature constant spring mechanism that is at the heart of Anglepoise design. With easy functionality and full mobility, the Type 75 desk light has a directional light that can be angled however you choose. Perfect for both work and home spaces, this lamp is available in 4 colours to add a timeless yet contemporary look to your room.
