PRODUCT DESCRIPTION

Designer: Guillaume Delvigne

Fabbian Aérostat Table Lamp

The Fabbian Aerostat Table Lamp was designed to appear to be lighter than air, thanks to Guillaume Delvigne who managed to conceive a lamp as a delicate object that can lift itself and take off. This table lamp utilises a shiny glass diffuser which is held upright by a cage-like metal base, however, the lightness of the glass makes the lamp look as if it was stretching upward, trying to reach for outer space.

The Fabbian Aerostat Table Lamp produces a glare-free illumination that is both functional and inviting, the structure is available in three finishes, Black, Brass or Copper, allowing it to suit a range of styles and adapt to numerous contemporary interiors. This modern table lamp is a beautiful addition to hallways, living rooms, reading nooks and even bedrooms. It can also be utilised in commercial environments, especially in the hospitality industry.

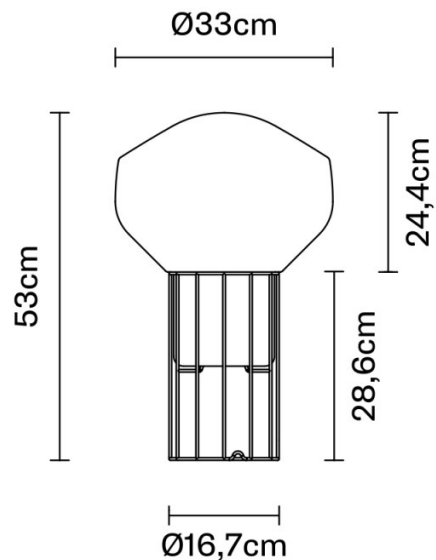

PRODUCT SPECIFICATION

Light Source: 1 x Max 30W E27 LED (excluded)

IP Code: 20

Dimming: In-line on/off switch on the cable.

Dimensions: Ø33cm
Height: 53cm
Base: 16.7cm
