PRODUCT DESCRIPTION

Designer: Peter Jamieson

KDLN New York Pendant Light

This pendant by KDLN was inspired by the metropolitan city of New York. In particular, the hotdog stands that are scattered along the side of the roads. These iconic symbols of New York are imitated by the red, white, and grey finishes that all add a bold touch and a vintage industrial style. The crisscross pattern, that adds to the industrial design, is obtained with special use of the die-cutting technique which adds these indentations to the technopolymer shade.

Place this suspension light above a table or dining area or even along a countertop or workspace. These bold simplistic designs really add impact to a space and bring a touch of retro New York style to your interior. Choose from a selection of colours and sizes to match your room perfectly.
