PRODUCT DESCRIPTION

Secto Varsi 1000 Suspension Arm Only

Please note; Secto shades must be purchased separately and are not included in this price. For further details & advice please [contact us](#).

The Varsi 1000 is an adjustable suspension arm which allows Secto Design pendants to be hung from a wall in an alternative and creative way. This inspired wall mounted arm comes with an 8m cable complete with a plug and switch, meaning the Varsi 1000 is not constrained by existing electrical points.

The arm can be rotated 180 degrees on the wall to allow the user to manipulate the light output as desired. The Varsi 1000 also has an adjustable arm length from 130cm to 230cm, allowing it to be housed in smaller spaces. Longer cable lengths can also be requested.

The Secto Varsi 1000 suspension arm is compatible with the following Secto products:

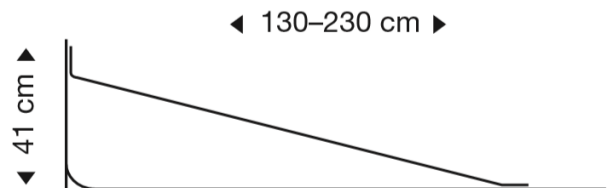

- [Secto 4200](#)
- [Secto 4201](#)
- [Octo 4240](#)
- [Octo Small 4241](#)
- [Victo 4250](#)
- [Victo Small 4251](#)
- [Puncto 4230](#)
- [Kontro 6000](#)
