Flos Taccia Table Lamp

The Flos Taccia Table Lamp was designed by Achille Giacomo and Pier Castiglioni in 1962. Flos is now distributing the iconic lamp, in two sizes and two different versions. The Taccia table light is available in a small or large size, while the large lamp is available with a glass or transparent PMMA diffuser. The lamp provides indirect and reflected light and the body and base are complimented with nickel-plated aluminium details.

The Taccia Table Lamp is also available in 4 colour options, black, silver, matte white and bronze. A stunning light for your living room, the diffuser can be adjusted to your desired direction and highlight certain parts of the room or decoration.
