Fontana Arte Blom Table Lamp

Designed in 2013 by Andreas Engesvik, a Norwegian designer who has become renowned for his ability to instill emotions, appeal and ideas into everyday objects, the Fontana Arte Blom table lamp is a petite lamp which takes up very little space. Fun and tactile in its design, the Blom table lamp is available in a variety of exciting colours including white, blue, dark grey, yellow, violet, green and pink.

Likened to an opening flower, the petal inspired surrounds of the Blom diffuse the light and prevent glare. The surrounding petals can also be adjusted to alter the intensity of the light, rotating on the base to shield the glare depending on personal requirements; with the petals aligned the lamp emits maximum light. The Fontana Arte Blom table lamp provides a diffused glow and is great additional lighting for a side table for reading or ambience.
