PRODUCT DESCRIPTION

Designer: Matti Klenell

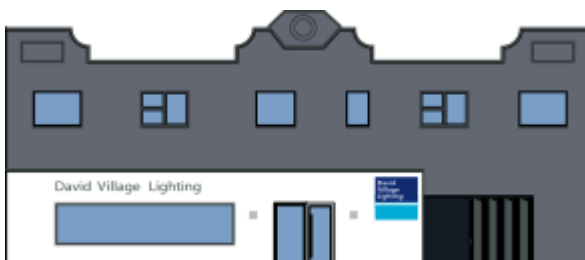

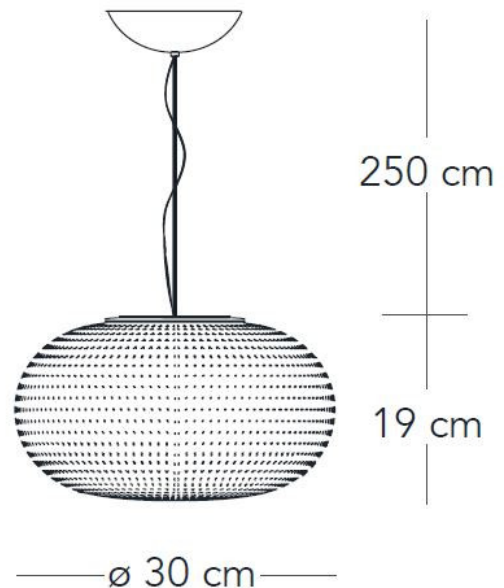

Fontana Arte Bianca LED Pendant Light

The Fontana Arte Bianca collection features beautifully balanced diffuser shapes, enriched and made unique by an orderly series of delicate, light grooves that resemble tiny prints on fresh snow. The diffuser is mouth blown; belt sanded and dipped in acid. The technique to create the diffusers of the Bianca is a traditional Venetian production process, which is performed without any external aids for turning and shaping the glass.

The pendant version of the Bianca features an integral LED light source, and the decorative diffuser provides a soft ambient glow to interiors, making it the perfect addition to a bedroom, living area or dining room. As well as a suspension form, the Bianca comes in a table, floor and ceiling/wall; explore the rest of the Bianca family of lights [here](#).
