PRODUCT DESCRIPTION

Wastberg w131 Bell Suspension Light

While Wastberg is a forward-thinking manufacturer of high-tech lighting, a pendant lamp is a very old concept. Therefore, designing a new pendant lamp for Wastberg means bridging the past with the present.

The w131 Bell Suspension Light is surprisingly small, yet still emits a generous amount of light. The lamp gives a soft and friendly impression, the textile cord further adding softness. This piece performs well either at home or in public spaces. It can also be hung as a solitary piece or in a cluster to create more of a statement piece.

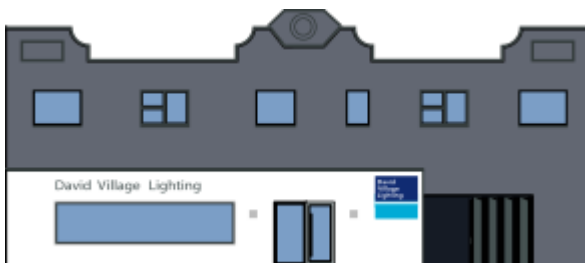

Available in 10 colours, each shade is suspended by a matching textile cord for further visual emphasis.

PRODUCT SPECIFICATION

Light Source: 1 x max 8W GU10 LED (excluded)

Dimming: Dimmable via mains phase dimming

Dimensions: Ø12cm Shade
11.3cm Shade length
280cm Cable length
