PRODUCT DESCRIPTION

Secto Petite 4600 Pendant Light

Created due to the high demand for a smaller Secto pendant, the Secto Petite 4600 pendant light is perfect for use as a bedside lamp, over kitchen surfaces and above dining tables. The Secto Petite 4600 suspension can also be hung in multiple compositions to create an eye catching display, either with multiples of the 4600 pendant or using a multitude of other designs from [Secto's range](#).

Available in four colours; white laminated, black laminated, natural birch or with a walnut veneer, the Secto 4600 Petite pendant light provides a soft luminescence to interiors and is typical of Scandinavian design, continuing to be handmade from Finish PEFC-certified form-pressed birch.
