PRODUCT DESCRIPTION

Cirque Pendant Light by Louis Poulsen

We currently have limited stock of one of these items in our Clearance Section.

The Cirque pendant light was designed by Clara von Zweigbergk in collaboration with Foscarini. Influenced by the domes found on buildings in the Tivoli Gardens, this pendant has a beautiful rounded shape that is alluring and eye-catching. The colour scheme and stripes are inspired by balloons, carousels and colours seen at amusement parks and circuses, creating a fun and playful design.

The pendant light is available in 3 sizes the Ø150, Ø220 and the Ø380, so you can find the right fit for you, whether you need to light up a big kitchen or a small office. You can use the Cirque pendant light alone or mix and match colour and size to create a wonderful feature. Perfect for many settings, use in the home or professional space, for a soft downward directed light that is atmospheric and warming.
