PRODUCT DESCRIPTION

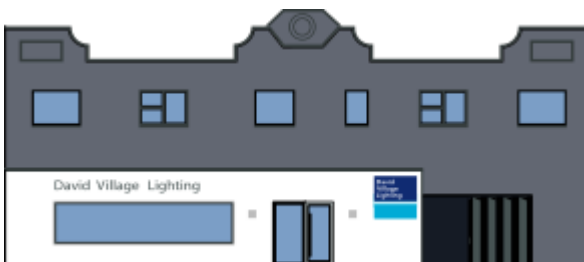

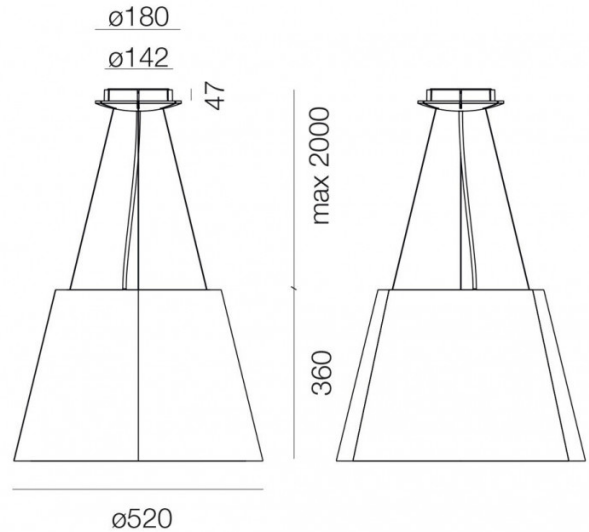

Tolomeo Outdoor LED Pendant
Light by Artemide

Designed by Michele de Lucchi & Giancarlo Fassina, the Tolomeo outdoor LED pendant light brings all the beauty and function of the renowned [Artemide Tolomeo collection](#) to the outdoors! The pendant has a lampshade made from protective Thuia fabric, a material that looks like fabric but is made from plastic which is durable and washable. The LED light source is encased in a plastic unit that protects and then diffuses the light nicely to create a soft glow.

Producing a downward directed light, the Tolomeo LED outdoor pendant is perfect for hanging over tables and seating areas in outdoor spaces that have an overhead cover. Wonderful for patios, gazebos and canopies, this pendant light will suit all your needs whether at home or in a public setting. This light also looks lovely without a lampshade as the inner diffuser resembles an old oil lamp making it intriguing and eye-catching!
