PRODUCT DESCRIPTION

Lean by Muuto

We currently have limited stock of one of these items in our Clearance section .

Claesson Koivisto Rune designer studios are responsible for the design of the Lean lamp for Muuto. They wanted to approach the classic wall light as a small wall sculpture. A slim design that leans into the room and away from the room. The designers has stripped the lamp down to bare essentials, a base, the stem and the shade.

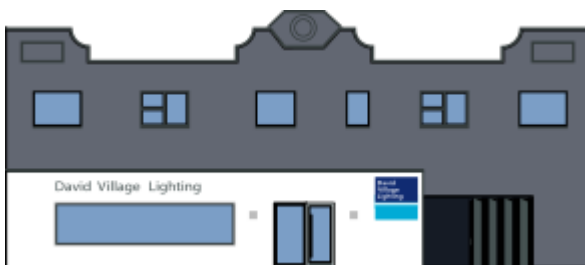

Lean wall light comes with an integrated LED light source, providing a warm and discreet down light to any room. You can mount the light in any space of your house, the hallway, your bedside or by the sofa in the living room. The Lean wall light is available in 4 powder coated colours, black, dusty green, grey or white. There is an on-off switch at the base of the lamp.

Supplied with light bulb, cable and plug.
