PRODUCT DESCRIPTION

Arturo Alvarez LI Wall Light

A wall light entirely made by a recycling process and reinforced its sustainable impact by the use of LED technology. The material it self has been used in Japan since the 16th century for packing use specifically due to its resistance. It was the ideal choice for making the curved planks, in different lengths, that compose the LI wall light.

The curved bands resemble wood planks, especially those found at the beach after spending time moved and transformed by the waves and then slowly dried out by the sun and the salt. It's a lightweight design that brings a strong presence into the room and a subtle brightness with an indirect light. Available in two sizes and 9 colour options.

PRODUCT SPECIFICATION

Light Source: **Small** - 11.8W, 3000K, 1805 Lumens
Medium - 23.6W, 3000K, 2768 Lumens

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: **Small**
Length: 51.5cm
Height: 15.5cm
Depth: 6.5cm

Medium
Length: 100.3cm
Height: 16cm
Depth: 6.5cm

Medium

Small
