PRODUCT DESCRIPTION

Designer: Anderssen & Voll

Muuto Framed Mirror

A new perspective of the classic mirror, the Muuto Framed is more than just a reflective surface, it's also a decorative piece in your interior that feels like a piece of art on your wall. Made from powder-coated steel, this contemporary mirror utilises a tone-in-tone colour and can hang beautifully on its own or be combined with other size and colour options. The designers, Anderssen & Voll have previously been named Norwegian and Scandinavian designers of the year but have also received worldwide recognition for their work.

The Muuto Framed, is a three-dimensional product with a reflective surface, coloured glass and a decorative element. The two sizes and six colourways grant you an abundance of choice and allow it to adapt to a wide collection of interiors. This mirror also allows you to choose between horizontal or vertical installation. It is a great addition to dressing rooms, bathrooms, hallways, entryways and even bedrooms.
