PRODUCT DESCRIPTION

Le Mobilier de Gras Plug & Work Desk by DCW éditions

The Plug & Work Desk wall light is an innovative and creative workspace, being wonderful for use in offices and work areas. The Plug & Work combines the iconic [Lampe Gras No. 216](#) and [Lampe Gras No. 217](#) wall lights with a useful table which fixes to the wall and the mains electric easily and simply. The table also features two sockets underneath, with one of them used to plug in the lamp leaving a spare socket for your use.

The Le Mobilier de Gras Plug & Work desk boasts an adjustable and flexible wall light, with the lampshade being able to move as well as the arms and rods. The 216 version is a smaller fixture and the 217 version can unfold to double the size for those hard to reach places. The Plug & Work can not only be used as a working desk but can be used as a handy side table in homes and hospitality venues, being truly versatile and functional in any space. Choose from a wide range of finishes and between the No. 216 and the No. 217.

Please note that the sockets featured underneath the table are standard EU two pin sockets.
