PRODUCT DESCRIPTION

Designer: Marco Acerbis

Fontana Arte Vertigo Floor Lamp

The Fontana Arte Vertigo LED Floor Lamp, created by Marco Acerbis in 2005, is a stunning embodiment of contemporary design and functionality. Crafted from mirror-finished aluminium, the lamp's sharp, angular profile is a result of precision folding techniques, lending it a sculptural quality. Mounted on a stable steel base, the Vertigo floor lamp offers an indirect light that is both functional and atmospheric. Its integrated LED technology emits a warm 3000K glow, creating a welcoming ambience while maintaining energy efficiency.

With a 320-degree rotatable structure, the Vertigo LED Floor Lamp provides unmatched versatility, allowing you to direct light precisely where needed. Equipped with a dimmer switch, it adapts effortlessly to different settings, making it perfect for dining areas, kitchens, or living rooms. The minimalist yet striking design brings a refined aesthetic to modern interiors, offering a harmonious balance of form and function.
