Fontana Arte Ashanghai Table Lamp

Timeless and iconic, the Ashanghai table lamp was designed by Max Ingrand in 1955, during his time as the artistic director at Fontana Arte. The chromed brass joints of the table lamp hold together five tubes made of transparent borosilicate glass, that form a series of intersections supporting the lamp. The Ashanghai is a statement piece and sits comfortably on desks, coffee tables and as a reading light.

The Fontana Arte Ashanghai table lamp provides a soft diffused light thanks to its white acid-treated glass diffuser, and includes a switch button dimmer, allowing the user to create the required intensity of light whether for reading or for ambient lighting.
