PRODUCT DESCRIPTION

Designer: Jorge Pensi

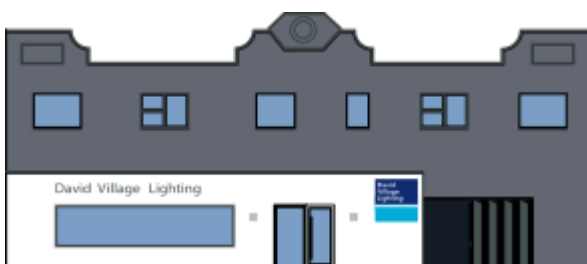

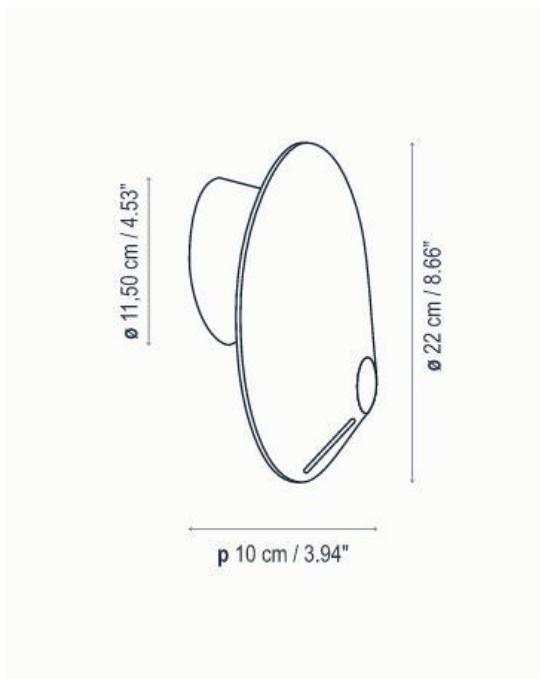

Bover Non La A/01 LED Wall Light

Bover Non La A/01 LED Wall Light was designed by Jorge Pensi, and was inspired by the Vietnamese hat used in the countryside to assist women in protecting themselves against weather conditions. Non La is the name used to describe this Vietnamese hat and it is also the name Pensi and Bover selected for this lamp.

The hood of the Non La A/01 Wall Light is crafted from aluminium and then plated or lacquered, depending on your chosen finish, with a polycarbonate diffuser. Non La fills your space with a direct down light, which can be dimmed to personalise your environment as much as possible. The simplicity of the design, along with the asymmetrical shade, offers an Avant Garde touch, resulting in a stylish and practical modern lighting solution. The A/01 LED Wall Light is perfect for illuminating hallways, kitchens, bedrooms and smaller spaces.
