PRODUCT DESCRIPTION

Designer: Jorge Pensi

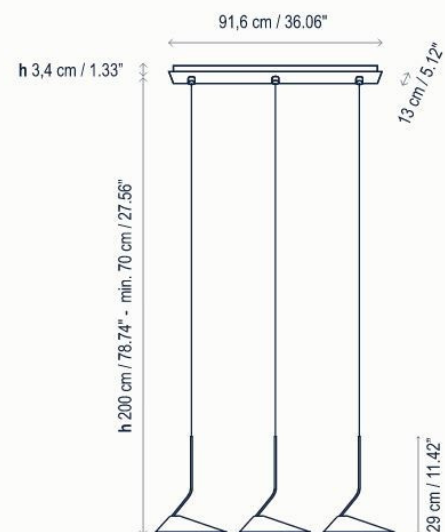

Bover Non La Set of 3 LED Pendant Light

The Non La LED Pendant Lights are now available as a set of three, with a rectangular ceiling canopy. Non La came from inspiration generated by traditional Vietnamese hats by the same name, they are worn by women in the countryside in Vietnam to protect from the sun and rain and also help to carry supplies. Designed by Jorge Pensi for Bover this cluster of suspension lights brings a modern edge to whichever room you decide to display it in.

Each luminaire boasts a conical asymmetrical shade, combined with a polycarbonate diffuser which covers the LED light source to produce a soft but functional diffused illumination. The light emission is projected downwards, making it perfect for suspending above your dining table or kitchen counters. For larger commercial spaces, the Bover Non La Set of 3 Pendants can add an Avant Garde edge to businesses in the hospitality sector.
