PRODUCT DESCRIPTION

Designer: Oki Sato

Wastberg W132 Nendo F1 LED Floor Lamp

The Wastberg Nendo LED Floor Lamp was designed by Oki Sato and offers a minimalistic yet intelligent lighting solution for your space. This highly personable lamp, that can be easily transformed. By turning the adjusting wheel on the body of the lamp, the frame can be heightened or lowered depending on your personal requirements. The shade is also available in three different shapes: a cone, a sphere and a cylinder.

The diffuser provides a soft and ambient stream of light, and the glare protecting shade ensures this light is cast out in an even projection, casting a warm glow across the room. This makes the Nendo LED Floor Lamp perfect as a reading light in your living area, mood lighting in your dining area or as an ambient light to relax you in your bedroom.
