PRODUCT DESCRIPTION

Designer: Paolo Lucidi + Luca Pevere

Aplomb Large LED Pendant Light by Foscarini

An expansion of the [Foscarini Aplomb collection](#), the Aplomb Large pendant has a raw and industrial feel with its concrete finish. Available in 3 finishes which celebrate its personality, the pendant light brings together different styles, from the traditional grey of cement in its raw state, which adds depth, to a stylish white hue, and a warm intense brown.

The larger Aplomb pendant light can be used singularly or as part of a series and is brilliant for using in larger space. The integrated LED means this light is long-lasting and will not disappoint in a wide variety of settings. Suitable for homes, offices and commercial spaces, this intriguing and modernistic pendant will catch the eye and amaze everyone who sees it.

This is the non-dimmable version of the Aplomb Large LED pendant. It is also available in a dimmable version, please [contact us](#) for more information on price and compatibility.
