PRODUCT DESCRIPTION

Designer: Simone Micheli

Terzani Doodle LED Suspension

Terzani Doodle LED Suspension was designed by Simone Micheli. Each Doodle LED Suspension is made unique, so no two are the same. Handcrafted by master artisans to resemble randomised paths and give control over the journey we want to take. The LED light source can be placed anywhere on the metal structure to provide the best angle of lighting for your environment.

Doodle LED Suspension provides great variety with four colour choices: black amethyst, nickel, copper and gold plated. The picturesque Doodle LED Suspension can truly make a statement in commercial or residential environments such as the hospitality sector, bars, restaurants and hotels.

Please note: the copper variant may patina over time.
