Carronade Low Floor Lamp by Le Klint

Markus Johansson's Carronade low floor lamp for Le Klint is a beautifully executed lamp that exhibits expert craftsmanship at its finest. The shade design remains the same as the rest of the collection but it is now held atop an elongated geometric aluminium stand. The wood finish gives the Carronade a tactile touch, supported by brass finishes and a black shade, this collection is a truly modern addition to any interior.

The Carronade is Le Klint's adaptation of a classic reading lamp, emitting diffused light perfect for creating a cosy area. With a rotating head, this floor lamp remains perfectly functional and is appropriate for any interior, either used along or with the rest of the [Le Klint Carronade collection](#) which includes a wall/table light, a large floor lamp and both large and small pendants.
