PRODUCT DESCRIPTION

Designer: Harrit - Sørensen + Samson

Snowdrop 320 Table Lamp by Le Klint

The Snowdrop table lamp is a chic addition to any desk or side table in the home. The table lamp's arched, slim arm replicates the stem of the snowdrop flower that was the inspiration for the light, while the pleated hand crafted shade is reminiscent of the petals. With a tilting feature that moves the arm and directs the light where you need, this table light is a practical and elegant task lamp emitting a soft glow.

The trio of designers, Thomas Harrit, Kim Samsonog and Nicolai Sørensen, have created and perfected a collection which perfectly combines traditional methods with a modern design. The [Le Klint Snowdrop collection](#) includes a pendant available in four sizes, a wall lamp and floor lamp version.
