PRODUCT DESCRIPTION

Designer: Erik Hansen

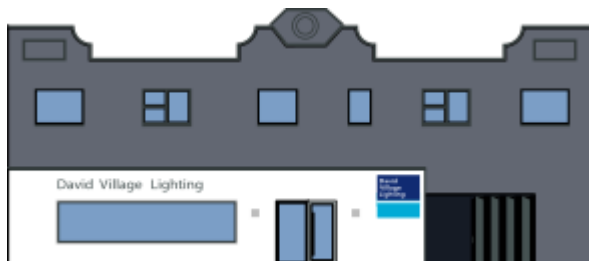

224 Wall Light by Le Klint

The 224 wall light or the “Sax Lamp,” was designed in 1952 by Erik Hansen. Made from a lampshade with classic and elegant folded lines and a wooden wall bracket, the 224 wall lamp has an organic design that has stood the test of time.

The lampshade is hand-folded, made from either paper or plastic foil giving a personal touch to the lamp. Adding an artisanal and chic look to your décor. Please [contact us](#) to enquire about what shade and wood finish you would like for your wall light. The scissor mechanism of the wall bracket also means you can adjust and angle the lamp how you like, whether you want a reading light or an atmospheric light.
