## PRODUCT DESCRIPTION

### Zero Mist LED Suspension

With Mist, Front continues its design experimentation with light and shade, hand-blown glass and LED technology. The result is a pendant, ceiling- and wall fixture with double globes that diffuse the light evenly and pleasantly. The semitransparency of the outer glass globe provides depth and creates an illusion of light glowing through a mist. Mist pendant is available in sizes 250 and 350. The inner shade is available in opal white, yellow or pink as standard.

**LED dimmable version also available.**
