PRODUCT DESCRIPTION

Designer: Johan Van Hengel

HAY 30 Degrees Pendant

The 30 Degrees pendant is a lightweight shade made of laminated oak veneer. The seamless surface is achieved by aligning the ends of semi-circular veneer sheets at a 30 degree angle, so the inside cone and internal angle is always 30 degrees. The layering of the conical veneer creates a solid shade that is opaque and characterized by its harmonious woodgrain pattern. Rich in tactility, the series express a natural elegant aesthetic. All shades are sealed with a matt lacquer and you may choose to purchase with or without a black cord set, 4m long, with a matching ceiling canopy.

Available in a small, medium and large size option, this oak veneer lamp shade is a stunning addition to any home as an individual feature or as a cluster of multiple pendants. The size options make this ceiling lamp adaptable to any space or interior.

PRODUCT SPECIFICATION

Light Source: **Small:** 1 x Max 8W E27 LED (excluded)
Medium & Large: 1 x Max 13W E27 LED (excluded)

IP Code: 20
