PRODUCT DESCRIPTION

Designer: Pierre Charpin

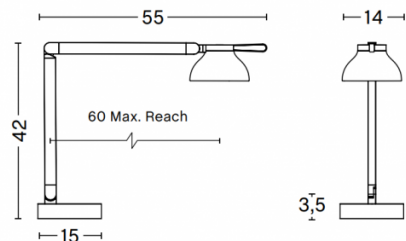

HAY PC LED Double Arm Table Lamp

The HAY PC LED Double Arm Table Lamp was designed by Pierre Charpin with the intention of creating an item that is visually simple and limitless. Charpin creates his designs with sophistication and affordability in mind as he desires to make user-friendly products. The HAY PC LED Double Arm Table Lamp is a perfect example of a limitless design vision that uses functionality and engineering to provide focused light where needed.

The elements of this lamp work in unison to direct light around a space with ease as it can be adjusted quickly and efficiently. This is true also with the light source that can be dimmed and manipulated with the integrated dimmer switch on the product. This lamp is perfect for a workspace, desk or study area as it can focus light with ease and precision.
