PRODUCT DESCRIPTION

Designer: Umut Yamac

Moooi Perch LED Wall Light

The poetic and playful Perch Light was designed by Umut Yamac for Dutch company, Moooi. Yamac was inspired by the familiar shapes of birds resting on trees and branches. He had to play with various types of papers before choosing polypropylene paper or as he described it, 'archival'. The spout, legs and branches are made of brass painted aluminium, while the integral LED is cleverly hidden from sight.

The Perch Light wall lights are not just a glow of light, but an object that the user can interact with as well as interacting with its surroundings. The bird can be set into motion and rock back and forth, by a small breeze or a soft touch. The Perch wall light is available in two sizes, small (41cm) or large (51cm) and can be bought as a recessed or wall mounted version.

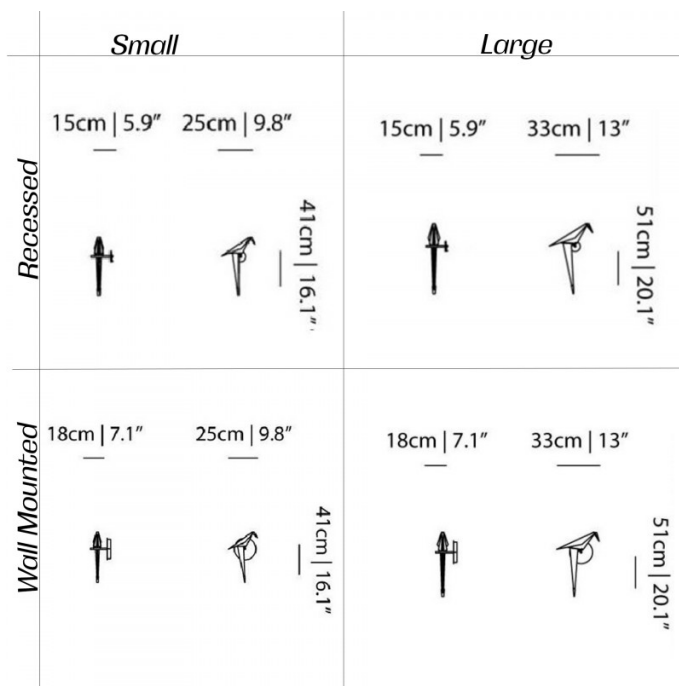

You can enjoy the full Perch Light Collection, which includes a [floor lamp](#), [table lamp](#) and [suspension](#). Bring a warm glow into your home, suitable for any room and interior decor. The Perch Lights are the perfect choice for both residential and commercial environments.

Please note that the wall mounted version is non dimmable, whereas the recessed Perch light is dimmable via 1-10V dimming systems.

PRODUCT SPECIFICATION

- Light** **Large** - 5W, 3000K, 150 Lumens
- Source:** **Small** - 5W, 3000K, 90 Lumens
- IP Code:** 20
- Dimming:** **Wall mounted** - Non-dimmable.
