PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

Demetra Micro Wall Lamp LED by Artemide

The Demetra Micro is also available as a wall version. With its compact size and broad range of movement available, the Demetra Micro wall light becomes a premium designer product. The head/diffuser is fully adjustable, allowing for a wide range of movement; you can tilt and rotate the head, while the arm is adjustable by up to 80°.

As with most Demetra lights, the Demetra Micro has an integrated dimmer switch atop the head/diffuser. You can adjust light intensity and dim the wall light depending on the need and instantly change the room's atmosphere. Equipped with an integrated LED source, offering high efficiency light and various interactive functions, Demetra lights offer the perfect balance of form and function.

Explore the [Demetra Collection](#) which includes a wide range of lights, floor lamps, desk and table lamps and spotlights. The Collection is further complimented with the addition of the [Demetra Professional](#) task lights, which offer high illuminance with a more complex diffuser.
