PRODUCT DESCRIPTION

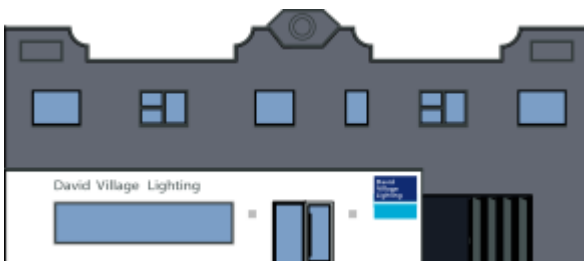

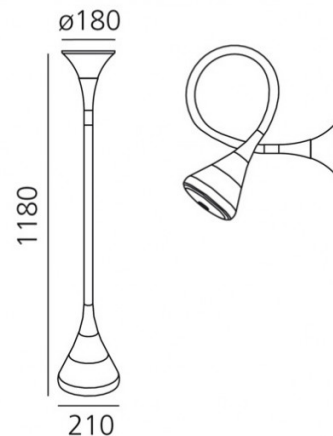

Designer: Herzog & De Meuron

Artemide Pipe Ceiling / Wall LED

The Pipe lights were designed with flexibility in mind, allowing for both movement and functionality. Pipe has an adjustable stem and diffuser which can be adjusted, and re-adjusted, as many times to your preferred position. The undulating shape of the Pipe light creates a playful, somewhat mischievous, atmosphere. The diffuser is lightly perforated and let some light to escape and further highlight these details on the light. The Pipe light can be install either as a wall or ceiling lamp, but the family also includes a floor lamp and a suspension. Pipe lights have been reinterpreted to include the latest LED technology, with less power consumption and better light quality.
