PRODUCT DESCRIPTION

Designer: George Carwardine

Original 1227 Mini Ceramic Wall Light by Anglepoise

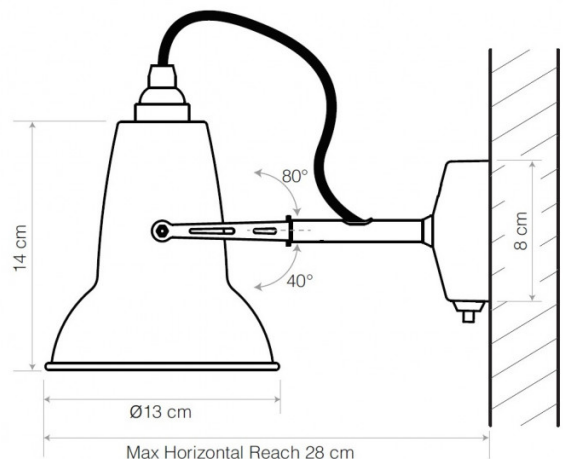

A smaller version of the [Original 1227 wall light](#), the Original 1227 Mini Ceramic wall light is part of the wider [Anglepoise Mini Ceramic collection](#), a range of lights that bring the iconic Anglepoise design to a small scale whilst maintaining elegance and functionality.

With a beautiful bone china shade that is adjustable, the ceramic wall light turns translucent when switched, casting a warm and atmospheric glow. Well suited in both work and home settings, the 1227 Mini Ceramic wall lamp looks best along corridors or in an intimate space to create a pleasant ambience. With a new square wall plate compared to the usual circular base of Anglepoise's wall lights, this light also looks chic and modern, proving to be a completely timeless yet contemporary light that will impress all that encounter it.
